

Fulton Public Schools Foundation 2023-24 Classroom Grants

Classroom Grant	Amount	Description
Bush Bus Buddies Bush Elementary Whitney Eastwood, Kylie Lane, & Sarah Kasubke	\$500	Each month, students will take a field trip somewhere in our local community or surrounding communities. This project would provide students with real-world learning opportunities that will not only enhance student learning, but also help grow community relationships and teach our students the importance of giving back.
Ed and Jean Avra Classroom History Grant: Exploring Missouri's History <i>Fulton High School</i> Julie Lichtenstein	\$500	Students in Government Honor classes will be taken to the Churchill Memorial and also on a tour of the Missouri Capital. The tour provides students with an opportunity to interact with Missouri History and have a first hand experience of local government.
Broadway Bound Fulton Middle School Abbey Ordway	\$1000	Project Extra and the FMS Choir department want to team up and expose students to quality theater performances at the Fox Theater, The Sheldon Theater and the University of Missouri. These experiences introduce our students to the world of theater and possibly peak their interests. This exposure not only raises school performance, but also encourages creativity, culture, communication, patience, morals, and imagination.
Broadway Bound 2.0 Continuation Grant (2 nd Year) Fulton Middle School Cami Webb	\$1000	Project Extra and the FMS Choir department want to team up and expose students to quality theater performances at the Fox Theater, The Sheldon Theater and the University of Missouri. These experiences introduce our students to the world of theater and possibly peak their interests. This exposure not only raises school performance, but also encourages creativity, culture, communication, patience, morals, and imagination.
MO Option HiSET Testing Fund Fulton High School Jessica Geldner	\$1000	This project will help students reach their dream of graduating from High School. The MO Option Testing Fund would give the students in the MO Option program the ability to take and pass their HiSET test without the financial burden of paying the \$98.75 for the test.
Nurturing Our Own: Providing Support for our 1st/2nd Year Teachers FECC/McIntire/Bush/Bartley/FMS/FHS Robyn Frame, Katie Brown, Katie Cauwenbergh, Lisa McDaniel	\$1000	This grant will provide teachers with items to support them with instruction in the classroom. It will also provide a welcome gift at the beginning of the school year and refreshments for our teachers at each monthly meeting. The Grant will also provide BTAP team with the necessary teaching materials needed to assist us with our presentations each month.
Educators Rising: Future Fulton Teachers Fulton High School Megan Davis	\$1000	This project will fund our members attendance and participation in state competitions, which will allow them opportunities to explore the following list of topics within the career of education: ethical dilemmas, learning challenges, teacher created materials, Children's Literature, creative lecture, leadership, administration careers, non-core subject matter,

		support services careers, imperative speaking, job interviews, lesson planning and public speaking.
Not All Classrooms Have Walls: Gearing Up Our Hornets for Learning: Winter Addition Fulton Early Childhood Center Abby Quick	\$1000	This grant will continue to supply children at FECC with the proper outdoor, winter attire to explore, discover and investigate their outside world safely, while building on authentic learning experiences.
Active Learning with Future Innovators Fulton Early Childhood Center Shannon Forbis	\$1000	The goal of this grant is to provide hands-on experiences to our students during small-group instruction. To do this, students should have their own set of materials to work with. Purchasing enough materials so that each student is able to be fully involved in their own learning will allow teachers to become facilitators. This grant will allow our entire building to have the needed supplies to engage our students in new ways.
Brain Bins Bartley Serina Anthony and Kayla Garwood	\$1000	This grant will allow students to enter the classroom each morning without any extra stress or anxiety. Brain bins will take the place of traditional morning work. The bins will encourage students to be creative, learn problem solving skills and start their day on a more positive note. The goal of this program is to give students more time to use their imagination, learn through play, work with their peers, problem solve using real world challenges and start their day on a happy note.
